## SUMMARY

I am a passionate web developer and information systems student with a knack for creating seamless and dynamic user experiences. My journey in web development spans 3 years as a student, during which I've honed my skills in both front-end and back-end technologies. I'm proficient in HTML, CSS, and JavaScript, and I have substantial experience working with frameworks like React.js. On the server side, I'm well-versed in Node.js and have worked with various databases. I'm committed to writing clean, efficient code and am always eager to learn new technologies and best practices to stay at the forefront of web development.
